

Surrey Novice and Intermediates Competition – 18th October 2009

Results - Foil

The foil competition was held as two rounds of poules followed by a direct elimination. The ladies and men mixed in the poules, but had separate DE tableaux.

Novices and intermediates competed together throughout, but their results are tabulated separately; fencers who entered as both novices and intermediates therefore appear in both sets of results.

The competition was held in the sports hall of the Royal Grammar School in Guildford, with fencing continuing from about 10:45 to 18:00.
